Twinkle

Its about this time of year that always come to a close in a sad way because I will never see many of my friends anymore, especilly you for I care for you very much, I may act stupid sometimes and ofward but it just the way with me. I hope you have had good times with me because I have. It is very hard to write in an usual because everyone signs like every one else. I want you to know that I have had a good time like the night La Hacienda we could not read the menu. Best wishes to you in the near future and may all your dreams all come true because I know they all will. Keep everything under control in concert choir and remember the good times we have had in there. But just to me you will always be mine, I'll never forget you and the fun times, to a real cute, sweet girl.

Dear Editor:

At this time of year many young high school graduates will be looking for the best possible job they can find. I believe this checklist will be helpful to them.

1. PAY — At least \$307.00 to \$338.00 per month to start. Request regular promotions with increases in pay for promotions and years of employment.

2. VACATIONS — Request 30 days PAID vacation every year starting with the first year. Request low rate or free world travel privileges any time while on vacation.

3. EDUCATION — You should continue your education while you work and the company should pay 75 per cent of the educational costs. If selected for college your tuition should be paid and your normal salary continued.

4. ALLOWANCES — Ask your employer for a clothing allowance. About \$300.00 for initial outfitting and at least \$6.00 a month to maintain or replace worn-out clothing. Request a cost of living allowance and quarters allowance for your wife and family.

5. LEISURE TIME — You should have company operated clubs for your leisure time. Swimming pools, tennis courts, golf courses, movies, libraries, gyms for basketball, football and baseball teams.

6. MEDICAL CARE — You should have unlimited sick leave with normal salary during the entire period. Any medical or dental care for yourself should be absolutely free along with free medical care for your family.

7. MARKETING — The company should operate grocery, department and variety stores which reduce your costs 30 per cent to 40 per cent on items you buy.

8. RETIREMENT — Plan should feature 50 per cent of pay for 20 years service, or 75 per cent after 30 years. While you are still young enough to enjoy it.

9. TRAVEL — Your employer should agree to relocate you anywhere in the US or free world at his expense.

10. BONUSES — Your employer should be willing to pay you as much as \$10,000 cash bonus to stay with him more than three years.

11. TRAINING — Inform your employer-to-be that you have no experience and that you expect to be trained and receive all benefits immediately.

With these 11 points in mind, check the following sources for jobs.

A. Friends B. Want Ads C. Employment Offices D. U.S. ARMY

Thank you,

SFC JERRY G. HALEY
